COMMENTS / AANMERKING:

The last mohair sale of the 2019 winter season ended with an expected result taking in consideration the quality on offer and the drought that is really taking its toll on the mohair, especially the low yielding adults. 2019 was quite an eventful year with the summer season with record-breaking highs and the winter seeing a major downturn in price, especially on the 32- and 33-micron group. This sale, compared with a year ago, saw a drop-in price on average of 19%, farmers must also take note that the RWS certified clips (International Sustainability) do get special attention already and will be a serious factor to keep in mind in 2020. Lloyd Short of Borden Farming, Graaff-Reinet took top honours today, selling his good style, 24-micron winter kid bale at R539.20/kg! 2020 will also be the year when RMS (Responsible Mohair Standard) will be introduced, make sure one of the teams of inspectors from House of Fibre gets you accredited as soon as possible, as it will have a negative financial implication if the clip is not accredited by next year. The team at The House of Fibre is immensely thankful for the support of 60% of SA mohair farmers in our first season of marketing mohair and wool independently. More than a million kilogram of fibre was weighed in by us already! All praise to God! We pray for rain and a blessed festival of the birth of Christ for all!

This report was compiled by Pierre van der Vyver, General Manager: The House of Fibre.

Die laaste sybokhaarveiling van die 2019 winter verkoopsseisoen het min of meer aan verwagting voldoen, in ag geneem die negatiewe impak wat die droogte het op die bokhaar, veral die grootbokhaar met 'n swak skoonopbrengs. 2019 was 'n wiplank jaar met rekordpryse in die somerseisoen en toe die daling in prys in die winter, veral die 32- en 33-mikrongroep. Die veiling, in vergelyking met die ooreenstemmende veiling van 'n jaar gelede, het byvoorbeeld gedaal met 19%, die boere moet ook kennis neem dat RWS gesertifiseerde skeersels (Internasionale Volhoubaarheid) alreeds goeie belangstelling geniet. Lloyd Short van Borden Farming, Graaff-Reinet het vandag met die loure weggestap teen R539.20/kg vir sy baal winter kleinbokkiehaar van goeie styl, 24-mikron gehalte. 2020 gaan ook die jaar wees wat RMS (Responsible Mohair Standards) in werking kom, maak seker dat een van die span inspekteurs van House of Fibre jou besoek vir sertifisering. Dit gaan 'n negatiewe impak hê op jou skeersel in die volgende jaar indien nie gesertifiseer. Die span by The House of Fibre is geweldig dankbaar vir die 60% ondersteuning deur SA boere hierdie eerste seisoen van onafhanklike wol-en bokhaarbemarking. Meer as 'n miljoen kilogram vesel alreeds ingeweeg! Prys die Here! Ons bid vir al ons boere vir baie reën en 'n geseënde feestyd ter herdenking van Jesus se geboorte!
