It is unfair to compare the last sale of the summer season with the second last sale, which is well known for the high-quality clips it presents. The final sale also has high-quality clips on it, but producers must remember that we empty all the bins, where a lot of lower qualities are also on offer. Under these circumstances, the HF marketing team is highly satisfied with the outcome of the sale. If you compare the RMS indicator with the last sale of a year ago, we are 4.5% better off. If you compare it with the previous sale, the price drop was limited to 1%, a real blessing. This is welcome news for the coming winter season. The highlights of the sale were dominated by three lots on offer. The best price at HF went to Schalk and Andreas Nel (Slater Nel Bpk) from Steytlerville at R950.00/kg for their super style, 23.7-micron bale. Paul Michau from Cradock fetched R920.00/kg for a 25.1-micron bale which is a bit unheard of for a 25-micron bale, but it was an excellent B-length, super-style bale. Then we must congratulate the HF Binning team (Andrew/Rossouw/Abigail) with the best-ever price for a bin bale at R900.00/kg!! The bale was bought by the Italian company Vitali Barberis Canonica. The first sale of the winter season will be offered on the 20th of August 2024.
